MEMORANDUM FOR THE PRESIDENT

I have only two items for what looks like a short week end:

1. An interesting, careful memorandum on our position with the UAR, which deserves your attention because of the sensitivity which surrounds the business of trying to keep Nasser reasonably neutral. *Send "UAR."*
2. An amusing, though apparently unreliable, account of Castro's views. What does seem to be true is that there is growing tension between the "new" and the "old" Communists there. *std 5/21/62 filed "Cuba"*
